

Date	Content	Detailed Content	Duration	Teacher
1/7 周一	Growth and Development Across the Life Span (1)	<p><b>CHAPTER 21 Theories of Growth and Development (P257-261)</b></p> <p>I. Psychosocial Development: Erik Erikson</p> <p>II. Cognitive Development: Jean Piaget</p> <p>III. Moral Development: Lawrence Kohlberg</p> <p>IV. Psychosexual Development: Sigmund Freud</p> <p><b>CHAPTER 22 Developmental Stages (P265-267)</b></p> <p>I. The Hospitalized Infant and Toddler</p> <p>II. The Hospitalized Preschooler</p> <p>III. The Hospitalized School-Age Child</p>	20:00-22:00	Euphy Jiang
4/7 周四	Cardiovascular Disorders of the Adult Client (Part III)	<p><b>CHAPTER 56 Cardiovascular System (P774-781)</b></p> <p>X. Heart Failure</p> <p>XI. Cardiogenic Shock</p> <p>XII. Inflammatory Disease of the Heart</p> <p>XIII. Cardiac Tamponade</p> <p>XIV. Valvular Heart Disease</p> <p>XV. Cardiomyopathy</p>	9:00-11:00	Q. Tang

5/7 周五	Cardiovascular Disorders of the Adult Client (Part IV)	CHAPTER 56 Cardiovascular System (P781-789)  I. Vascular Disorders  II. Arterial Disorders  III. Aortic Aneurysms  IV. Embolectomy  V. Vena Cava Filter and Ligation of Inferior Vena Cava  VI. Hypertension  VII. Hypertensive Crisis	9:00-11:00	Q. Tang
8/7 周一	Growth and Development Across the Life Span (2)	CHAPTER 22 Developmental Stages (P267-276)  I. The Hospitalized Adolescent  II. Communication Approaches  III. Car Safety Seats and Guidelines  IV. Developmental Characteristics  V. Gender Dysphoria Across the Lifespan  VI. End-of-Life Care	20:00-22:00	Euphy Jiang
10/7 周三	Growth and Development Across the Life Span (Questions)	Questions and Answers	20:00-22:00	Euphy Jiang

<p>13/7 周六</p>	<p><b>Cardiovascular Medications</b></p>	<p><b>CHAPTER 57 Cardiovascular Medications (P797-814)</b></p> <p>I. Anticoagulants</p> <p>II. Thrombolytic Medications</p> <p>III. Antiplatelet Medications</p> <p>IV. Positive Inotropic and Cardiotonic Medications</p> <p>V. Cardiac Glycosides</p> <p>VI. Antihypertensive Medications: Diuretics</p> <p>VII. Peripherally Acting <math>\alpha</math>-adrenergic Blockers</p> <p>VIII. Centrally Acting Sympatholytics</p> <p>IX. ACE inhibitors and ARBs</p> <p>X. Antianginal Medications</p> <p>XI. B-adrenergic Blockers</p> <p>XII. Calcium Channel Blockers</p> <p>XIII. Peripheral Vasodilators</p> <p>XIV. Direct-Acting Arteriolar Vasodilators</p> <p>XV. Miscellaneous Vasodilator</p> <p>XVI. Antidysrhythmic Medications</p>	<p>9:00-11:00</p>	<p>Q. Tang</p>
--------------------	--	--	-------------------	----------------

		XVII. Adrenergic Agonists XVIII. Antilipemic Medications		
14/7 周日	Cardiovascular Disorders (questions)	CHAPTER 3 Lippincott Test 1 The Client with Cardiac Health Problems	9:00-11:00	Q. Tang
15/7 周一	Respiratory Disorders (questions)	CHAPTER 3 Lippincott Test 4 The Client with Respiratory Problems	9:00-11:00	Q. Tang
